

Invitation

l'Institut National des Administrateurs de Côte d'Ivoire (INAD-CI) in collaboration with the International Finance Corporation (IFC), member of the World Bank Group and the African Corporate Governance Network (ACGN), are pleased to invite you to their joint Business Forum on *"Taking Stock and Demonstrating the Impactful Role of the Players in the Corporate Governance Eco-System"* on Thursday, 23 February 2017 starting from 08h00 at Sofitel Hotel in Abidjan, Cote d'Ivoire.

The Business Forum will gather key leaders and decision makers from the business community, national and regional regulators as well as key media players, corporate governance experts and professional institutions with a stake in the corporate governance arena.

The Business Forum has three primary objectives:

- Focus on exploring current corporate governance practices and standards in Cote d'Ivoire in order to identify major improvements and key challenges, both from a macro and micro perspective, and help address them.
- Reinforcing the role of market players (ecosystem) in developing a strong and sustainable corporate governance culture and environment.
- The launch of the IFC Corporate Governance Program in francophone West Africa and in particular, in Côte d'Ivoire. The goal of IFC's program is to promote good corporate governance practices and help foster a conducive environment by supporting and building capacity of companies and key players.

The Business Forum Programme is attached.
